

01 THESIS

CIVIC INSTITUTIONS AS CATALYSTS FOR URBAN REJUVENATION

Individual Academic Project

Final Graduate Thesis Studio
Guided by Asc. Prof. Minal Sagare
PVP College of Architecture, Pune

Year 5 Semester 2
Nov '15 to Apr '16
Six Months

The project evolved out of a need to establish cultural institutions while simultaneously addressing issues of urban decay and irregular land utilisation. The development of an active public space was achieved through design interventions which are human in scale and proportion.

There was a need therefore for the development of an active public space which could complement the existing pedestrian plaza of MG Marg for urban rejuvenation.
